YOURS

Yours to keep
theme and files in your store

01 WHERE WE STARTED

What we built it around.

01 Pharmaceutical grade, held to a higher standard.

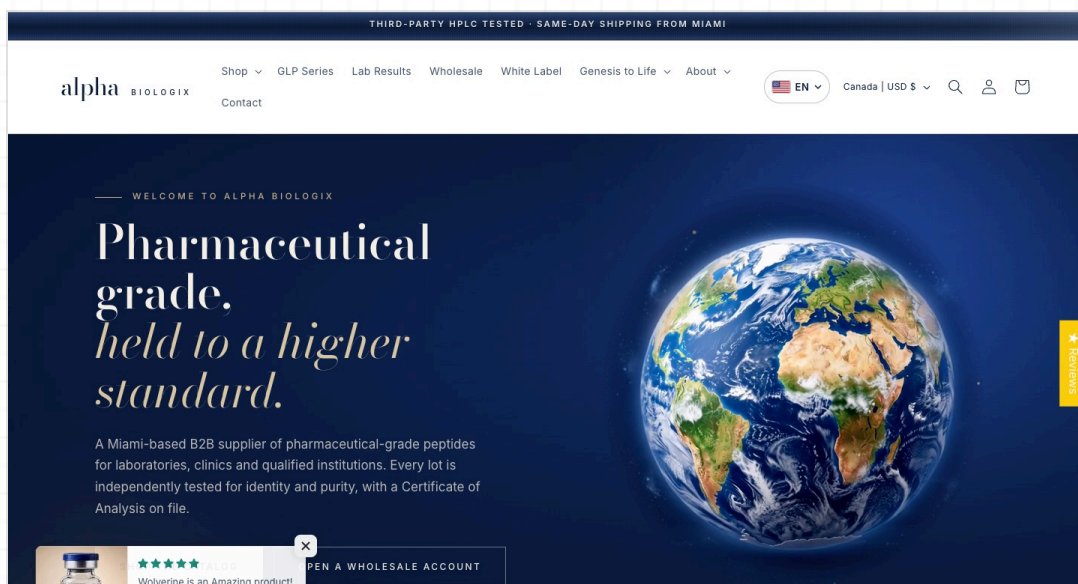

Your own homepage headline. Option 1 shoots your Selank 10 mg vial huge in crushed ice in warm Miami light, for your label's keep-refrigerated line and your cold-pack shipping, with that lot's own certificate beside it: 99.97% HPLC, Accurate Test Labs.

02 Built for Researchers

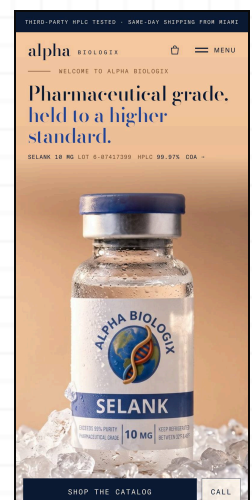

The heading on your About page. Option 2 sets it as a magazine spread at night in Miami: one of your vials on the left page, and on the right your four standards, consistent purity, reliable concentrations, traceable batches and predictable handling.

03 One trusted source.

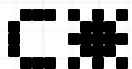

Your own catalog line. Option 3 turns the globe on your label into one big daylight lens around three of your vials, with your product names turning slowly round its rim.

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. The new theme is built lean, with no page builder and no extra apps added, and we test it on an unpublished copy of your theme before anything goes live. Your checkout and payments stay exactly as they are.

03 Who owns it?

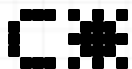

You do. The theme and every file sit in your Shopify store, in your name. Your domain and checkout stay with you, and nothing of ours renews unless you ask.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free, then unlimited changes are \$35 a month if you want them, cancel anytime.

05 When do I pay?

Half (\$1,250) when you say go, the rest (\$1,250) when the site is live. You've seen the homepage before paying anything.
